Our Motivation

Ravi Energie is a German word meaning Sun Energy – the ultimate origin of sustainable energy on earth. “Pavan Devta” i.e. the “God Wind” or “Hanuman” is our motivation and we start with the prayer -----

Let the wind blow in all directions like beneficent
and blissful medicine to our heart's satisfaction.
Please prolong our lives.

Oh wind ! you are indeed our father, our brother,
our friend. Bestow happiness in our life.

Oh wind ! you have in your house, an
inexhaustible treasure. Please give us a little for
Our better living.
